January 14, 2021 Agenda Item 10

Fiscal Year 2021-22 Budget Schedule and Work Plan Preview

Dear Members of the Commission:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (CKH Act) establishes a specific process for preparing and adopting LAFCO's budget. Government Code §56381 provides that the Commission shall annually adopt a proposed budget by May 1 and final budget by June 15, following noticed public hearings.

LAFCO staff anticipates bringing a proposed budget to the Commission in March 2021 and a final budget to the Commission in May 2021. In conjunction with the proposed budget, the Commission receives an annual work plan which includes a summary of recent activities and accomplishments along upcoming projects and activities as summarized below.

Every few years, the Commission holds a strategic planning session to discuss accomplishments, priorities, and goals. The last strategic planning session was in September 2017, at which time the Commission identified Municipal Service Reviews (MSRs)/Sphere of Influence (SOI) updates, island annexations, terms and conditions, and policies and procedures as focus areas. A strategic planning session was tentatively scheduled for September 2020 but was cancelled due to COVID-19.

ACCOMPLISHMENTS

MSRs/SOI Updates - LAFCO law provides that every five years the Commission shall, as necessary, review and update each SOI [Gov. Code §56425(g)]. The statute also provides that in order to prepare and update a SOI, the Commission shall conduct an MSR.

In 2013, the Commission completed its inaugural round of MSRs/SOI updates and initiated 2nd round MSRs. To date, the following 2nd round MSRs/SOI updates are complete:

- June 2014 Water/wastewater covering eight cities, 19 special districts, and private water companies
- November 2015 Reclamation services covering 14 special districts
- ➤ October 2016 Fire/EMS covering three cities and eight special districts
- > January 2018 Healthcare covering three special districts and Contra Costa County health services
- > June 2019 "City Services" covering all 19 cities and four community services districts (CSDs)

As part of the FY 2020-21 work plan and budget, the Commission approved preparing a 2nd round MSR covering "Parks & Recreation Services" (i.e., all 19 cities, four CSDs, three parks & rec districts, eight county services areas (CSAs), one regional park district). The "Parks & Recreation" MSR is in progress and we expect to release the Public Review Draft in early 2021. This MSR was delayed due to COVID-19 and the cities' request for additional time to compile the requested data.

The FY 2020-21 budget also includes funding to initiate another 2nd round MSR to be determined by the Commission. In October 2020, LAFCO initiated a 2nd round MSR covering *Cemetery Services*. This MSR is underway and we expect to release the Public Review Draft in May 2021.

Policies and Procedures Updates – In the past several years, the Commission made progress updating its policies and procedures, including revisions to the island annexation provisions and to the following sections: *Rules and Procedures, CALAFCO, Roster of Cities and Special Districts, City Annexations and Detachments*, and *District Annexations and Detachments*. Further, the Commission updates its Legislative policies annually to coincide with CALAFCO's Legislative Platform.

Staffing - In 2020, the Commission bade a final farewell to retiring Executive Assistant (EA)/Clerk Kate Sibley and welcomed new EA/Clerk Sherrie Weis. In accordance with the FY 2020-21 reduced budget, LAFCO deferred hiring an Analyst. LAFCO is currently staffed with 1.5 employees.

LAFCO supplements its staff with consultants and contract service providers. In June 2020, LAFCO issued a Request for Proposals for environmental planning services and hired SWALE Inc. and Baracco Associates to provide these services. In addition, LAFCO contracts for GIS/mapping, legal, webmaster, and financial auditing services.

Other activities and accomplishments to date during FY 2020-21 include the following:

- Welcomed returning Commissioners Blubaugh, Burgis, Butt, Lewis, and McGill; and bade farewell to Commissioner Wright.
- Processed 11 applications.
- Tracked and provided comment letters on legislation affecting LAFCOs.
- Provided comments on 10 local agency environmental documents.
- Monitored ongoing litigation (Los Medanos Community Healthcare District).
- Completed three GASB Alternative Measurement Method reports (actuarial valuations).
- Completed FY 2018-19 financial audit.

FY 2021-22 WORKPLAN PREVIEW

In addition to the day-to-day administration, proposal processing, coordination of Commission meetings, budget and contract administration, the 2021-22 work plan includes the following:

1. Municipal Service Reviews (MSRs)/Sphere of Influence (SOI) Updates

Complete 2nd round "Cemetery Services" MSRs/SOI updates and initiate another 2nd round MSR/SOI update to be determined by the Commission. Potential candidates for a 2nd round MSR include county service areas (CSAs), mosquito & vector control, and resource conservation – see attached MSR status report.

2. Special Projects/Assignments

• Continue to explore ways to assist local agencies with the recovery process in light of the pandemic.

- Continue to work with the County, cities, and districts on boundary clean-ups/islands.
- Update the LAFCO Directory of Local Agencies.
- Work with the LAFCO webmaster and LAFCO EA/Clerk on updates to the LAFCO website.
- Work with Policies & Procedures Committee on developing/updating policies and procedures as determined by the Commission.
- Continue to participate in and support CALAFCO.
- Continue to monitor ongoing litigation (LMCHD).

It would be beneficial to hear from the Commission as to priorities and other items of interest in anticipation of preparing the FY 2021-22 LAFCO budget.

RECOMMENDATION: Provide input regarding 2nd round MSRs and other workplan goals as desired.

Sincerely,

LOU ANN TEXEIRA EXECUTIVE OFFICER
