Dear Chair Weekes and Directors,

As you are aware the trial period for the current board composition of the Knightsen Town Advisory Council (KTAC) will be expiring at the end of June 2011. I feel that the current make-up of the board is working well but look forward to hearing from you on this matter at your earliest convenience. I am reaching out to you to inquire as to what your thoughts are for the future of the KTAC board and the Knightsen Community Services District (KCSD).

The options available include the status quo, with the current board composition of the KCSD members serving in a separate capacity as the Board of Supervisors appointed members of KTAC. Another option is whether the KCSD would be interested in performing the municipal advisory council functions for your community, directly under the KCSD, much like the Town of Discovery Bay Community Services District and the Diablo Community Services Districts do. This would require an application process through the Contra Costa Local Agency Formation Commission (LAFCO).

A final option would be to open the seats and advertise the vacancies throughout the community in order to fill the positions that are currently scheduled to be vacant July 1, 2011.

I would appreciate it if you would consider posting this issue on a future KCSD agenda so that you may discuss this important issue and provide any thoughts or direction.

Please feel free to contact me at (925) 240-7260 regarding this or any matter of importance to the Knightsen community and the KCSD.
