RE: Knightsen Town Advisory Council Board Composition

Dear Supervisor Piepho,

The following is from the Draft of the June 2, 2011 CSD meeting.

**“Trial Board Composition – Options are three – 1. Status Quo 2. Apply to LAFCO 3. Open Seats and Advertise Through Community Seat Would be Vacated July 2011**

Chairperson Weekes presented the options received from Supervisor Piepho.

Director Brown stated after hearing from the public at the last Knightsen TAC meeting she felt keeping things the way they are until the Supervisor’s office has advertised the KTAC positions to see if there really is community interest.

Director Simas agreed with a six-month extension to work this out without a push for a decision, which is not totally against the wishes of the community.

Chairperson Weekes stated the six-month extension was not one of the options presented by the Supervisor but if the Board voted her to do so she could take it back to the Supervisor and make the argument.

**M/Walko**

**S/Brown**

**Directors Present Approved Status Quo for Up to the Next Six Months and Direct Supervisor Piepho to Advertise for the Five KTAC Positions to See the Community Interest. Vote 5-0. “**

In the interest to communicate the wishes of the public in the realm of our responsibilities as Board members, I am looking forward to working this through a solution with your office.

Looking forward to working through this matter with you.

Sincerely,

*Linda Weekes, Chair*
