**Summary:**

Would authorize the State Water Resources Control Board to order consolidation with a receiving water system where a public water system, or a state small water system within a disadvantaged community, consistently fails to provide an adequate supply of safe drinking water. This bill would authorize the state board to order the extension of service to an area that does not have access to an adequate supply of safe drinking water so long as the extension of service is an interim extension of service in preparation for consolidation.

**Position:** Oppose

**Subject:** Disadvantaged Communities, LAFCo Administration, Special District Consolidations, Water

**CALAFCO Comments:** This bill is the same as SB 88. As amended, AB 115 gives the State Water Resources Control Board (SWRCB) direct authority to mandate either an extension of service or consolidation of water systems, including public and private systems, and individual wells. The bill focuses on disadvantage communities. Prior to ordering the consolidation, the SWRCB must make certain determinations and take certain actions, including conducting a public hearing in the affected territory. They are also required to "consult with and fully consider input from the relevant LAFCo, the PUC, and either the city or county (whichever has land use authority). Entities are allowed 6 months to find workable solutions before the SWRCB mandates the action. Prior to making the order, the SWRCB must make certain determinations. Upon making the order, the SWRCB must make funding available to the receiving water system for capacity building (no operations and maintenance funding is provided, adequately compensate the subsumed system, pay fees to the LAFCo for whatever work they will do (which is as of now undefined) to facilitate the action. The bill also contains certain CEQA exemptions and liability relief for the subsuming water entity, as well as various penalties. Finally, the bill makes legislative findings and declarations as to the reason for the SWRCB to have these powers, which has been taken directly from the legislative findings and declarations of CKH and the reason LAFCos have the powers they do.

CALAFCO has attempted to work with the administration for some time in defining the best possible process for these actions. However, for the most part, amendments proposed have been dismissed. CALAFCO has a number of concerns regarding the proposed process, not the least of which is the language in section 116682 (g) (the way it is worded now, it exempts the entire consolidation process and there is a legal argument that this would divest LAFCO of any authority to complete the consolidation since that authority is solely contained in CKH). Further, we requested indemnification for LAFCo as they implement section 11682(e)(4) which was also dismissed.

**AB 448 (Brown D) Local government finance: property tax revenue allocations: vehicle license fee adjustments.**

**Summary:**

Current property tax law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures, and generally provides that each jurisdiction shall be allocated an amount equal to the total of the amount of revenue allocated to that jurisdiction in the prior fiscal year, subject to certain modifications, and that jurisdiction's portion of the annual tax increment, as defined. This bill would modify these reduction and transfer provisions, for the 2015-16 fiscal year and for each fiscal year thereafter, by providing for a vehicle license fee adjustment amount calculated on the basis of changes in assessed valuation.

**Subject:** Financial Viability of Agencies, Tax Allocation

**CALAFCO Comments:** As introduced, this bill is identical to AB 1521 (Fox) from last year. This bill reinstates the VLF payment (through ERAF) and changes the way that the growth in the VLF adjustment amount (property tax in lieu of VLF) is calculated starting in FY 2015-16 to include the growth of assessed valuation, including in an annexed area, from FY 2004-05 to FY 2015-16. Beginning in FY 2016-17, the VLF adjustment amount would be the jurisdiction's annual change in the assessed valuation

**Summary:**

Current law, for purposes of the California Safe Drinking Water Act, defines "disadvantaged community" to mean a disadvantaged community that is in an unincorporated area or is served by a mutual water company. This bill would allow a community to be a "disadvantaged community" if the community is in a mobilehome park even if it is not in an unincorporated area or served by a mutual water company.

**Position:** Watch

**Subject:** Disadvantaged Communities, Water

**CALAFCO Comments:** This bill is being amended as a vehicle to clean-up the water consolidation legislation [passed through as a

budget trailer bill, SB 88/AB 115.

**Summary:**

Would authorize a city council, located in an existing or newly formed district as specified, to adopt a resolution requesting that appointments of persons to the board of trustees instead be made by a city selection committee, established pursuant to specified provisions of law, and conditioned upon a majority of authorized city councils adopting their respective resolutions. This bill would authorize the city selection committee to decrease the total number of appointments to be made by the committee if a majority of city councils within the district make this request in their respective resolutions.

**Position:** Watch

**CALAFCO Comments:** As amended, this bill amends the Health and Safety Code by creating an alternative option to the appointment process to the board of trustees of a district. The additional process calls for the City Selection Committee to make appointments rather than the cities themselves in a case where a majority of the city councils located within the district and are authorized to appoint a person to the board of trustees adopt resolutions approving of this alternate appointment process. No change is being made to how the County Board of Supervisors makes their appoint to the district board.

This is a locally supported bill, stemming from an issue in San Mateo with their Mosquito Abatement District which is in the Assembly member's district.

**Summary:**

The California Public Records Act requires state and local agencies to make public records available for inspection, unless an exemption from disclosure applies. The act requires a response to a written request for public records that includes a denial of the request, in whole or in part, to be in writing. This bill instead would require that response to be in writing regardless of whether the request was in writing. The bill would require that written response additionally to include a list that contains the title or other identification of each record requested but withheld due to an exemption and the specific exemption that applies to that record.

**Position:** Watch

**Subject:** Public Records Act

**CALAFCO Comments:** This bill would require LAFcos, when responding to a Public Records Request for which a determination has been made to deny the request, to include in the written response the title (or other identification) of each record that was requested and not provided, and the specific exemption that applies to that record.
