Current and Potential LAFCO Applications

Dear Members of the Commission:

SUMMARY: This is an informational item describing active and potential LAFCO applications.

DISCUSSION: The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 gives LAFCOs regulatory and planning duties to coordinate the formation and development of local government agencies and their municipal services. This includes approving and disapproving boundary changes, boundary reorganizations, formations, mergers, consolidations, dissolutions, incorporations, sphere of influence (SOI) amendments, and extension of out of agency services (OAS). Applications involving jurisdictional changes filed by landowners or registered voters are placed on the Commission's agenda as information items before action is considered by LAFCO at a subsequent meeting (Gov. Code §56857).

There is one approved proposal awaiting completion, four current applications that are either incomplete and/or awaiting a hearing date, one proposal that was recently withdrawn, and several potential applications.

Current Applications – Under Review/Pending

- ✚ Dissolution of Alamo Lafayette Cemetery District (ALCD) (LAFCO 23-12)
On August 22, 2023, the District filed an application to dissolve the ALCD. The Commission deferred action subject to a financial/operations study which was accepted by the Commission on June 12, 2024. This application is currently pending.
- ✚ Tassajara Parks Project – Boundary Reorganization (LAFCO 16-06)
The landowner filed an application to annex 30+ acres to Central Contra Costa Sanitary District (CCCSD) and East Bay Municipal Utility District (EBMUD). The project includes development of 125 single-family homes. The subject area is located east of the City of San Ramon and the Town of Danville. The application is currently incomplete. The project was litigated and on June 29, 2023, the Contra Costa County Superior Court ruled the final EIR prepared for the project provided insufficient information and analysis about the project's water supply. The court proceedings are complete. The applicant continues to work with EBMUD on water service.
- ✚ LAFCO Tassajara Parks Project – SOI Amendments (LAFCO 16-07)

The landowner filed an application to amend the SOIs for CCCSD and EBMUD by 30± acres in anticipation of corresponding annexations. The application is currently on hold as noted above.

Potential and Other Applications

There are several potential applications that may be submitted to LAFCO in the near future, including annexations to West County Wastewater District, Diablo Water District, and East Contra Costa Irrigation District. Also, since completion of the 2021 *Park & Recreation Municipal Services Review*, the Commission discussed dissolving CSA R-9. The matter was continued to March 2025 to allow additional time for community input and potential funding.

RECOMMENDATION – Informational item – no actions required.

Sincerely,

LOU ANN TEXEIRA
EXECUTIVE OFFICER
