Ms. Texeria,

I am writing to express my opposition to dissolving the P2B district.

First and foremost we originally voted to create P2B, we subsequently voted to raise the assessment. Now the proposal is to raise it 7 times with no vote. While I am led to believe this is legal, in my opinion it is completely inappropriate. We should have a chance to vote on it, and frankly I think this is an assault on Proposition 13.

Second, at a public meeting of the P2 and P5 Boards, the Commander of the Alamo sub-station stated that crime is completely flat in Alamo and has been for 20 years, hardly a justification to increase staffing. LAFCO is charged with assuring government efficiency, this is the exact opposite. Dissolving the District, just for convenience does not seem to meet that threshold.

Third, I have been delivering Meals on Wheels in Alamo for years. The automatic assumption that Alamo residents are "rich" is also false. Certainly some are, but there are many who are clearly not and this will adversely affect them for no good reason.

Please include this in the public Comments on this subject.

I would be glad to discuss this further, if so desired.

Thank you.
