Dear LAFCO Executive Director,

I have been an Alamo resident for over 20 years and am writing in support of the proposed consolidation of the P-5 and P2B police service areas into a single police district serving all of Alamo.

I was a member of the Alamo Municipal Advisory Council (Alamo MAC) when the proposed consolidation was being studied and considered by the Alamo community. I supported the proposal then and urge LAFCO to approve the consolidation now.

I believe it makes sense for our entire community to have a consistent and equitable approach to enhanced police services. Having one district serving all of Alamo, with dedicated officers and the same funding structure for all residents, would provide greater consistency and fairness.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink that reads "Cecily Barclay". The signature is fluid and cursive, with the first name "Cecily" and last name "Barclay" clearly distinguishable.

Cecily Barclay
